Dear Mr. Weisberg,

Recently I've read with great interest your book published in 1971. I would be very much obliged to you if you could give me a chance to meet you and discuss some problems I'm greatly interested in.

I'm heading a section of the Institute of American Studies of the Academy of Sciences of the USSR. My main field of interest is studying the domestic problems of the U.S.A. I have published a number of books and articles dealing with this subject. In the beginning of September I'm going to the United States for six Months. I'd appreciate your answering my letter as soon as possible so that I could include your city in my rout arranged by the International Research and Exchange Board, N.Y.

Sincerely yours,

Igor Geevsky
